Introduction to human physiology: Sensory systems: How we hear and see

In the morning, you will receive a theoretical overview about the function of the visual and auditory system. In the afternoon, you will perform experiments to learn more about the abilities of the human eye and ear.

The course is open to all PhD students. Students of the PhD Program Biomedicine (BioMed) and students of the Institute of Physiology have priority.

Date / time	September 12/13, 2019 (2 full days) – postponed New course date will follow.
Room	University of Zurich, Campus Irchel, room to be announced
Type	Lecture (mornings) and practical work (afternoons)
Preparation	Textbook chapter, to be announced
Maximum participants	12
Recommendation	To be taken during the first year of the PhD
Lecturers	Prof. Dr. Christian Grimm, USZ (Eye) – course coordinator Dr. Ing. Flurin Pfiffner, USZ (Ear)
