

Dear PhD students
Dear PI's

BioMed and MIM cordially invite you to a Christmas Party on Saturday, December 3 at the Irchel Bar! So far we know that the event will last from 5pm to 9pm, that there will be mulled wine and that we will have a surprise guest. Otherwise we are open for your ideas and would appreciate if you would shape the evening! Perhaps there are poetry slammers among you, someone who would like to perform with the band, organize a game, offer karaoke or something similar? Please write us an email if you would like to organize something, we would be very happy!

All the best,
Judith & Andrea
